- (D) It was not a cruel way to treat Wanda.

SECTION - D

- **Read the following passage and answer the questions:** [4]

One of the greatest advances in modern technology has been the invention of computers. They are widely used in industries and in universities. Now there is hardly any sphere of human life where computers have not been pressed into service of man. We are heading foot towards the day when a computer will be as much part of man's daily life as a telephone or a calculator.

Computers are capable of doing extremely complicated work in all branches of learning. They can solve the most complex mathematical problems or put thousands of unrelated facts in order. These machines can be put to varied uses. For instance, they can provide information on the best way to prevent traffic jams. This whole process by which machines can be used to work for us has been called 'automation'. In the future 'automation may enable human beings to enjoy more leisure than they do today. The coming of automation is bound to have important social consequences.

Questions :

- 49) What is the greatest advances in modern technology. [1]
- 50) State the advantages of computer. [1]
- 51) What is automation? [1]
- 52) What may enable human being to enjoy more leisure in future? [1]

OR

- **Read the following poem and answer the questions:** [4]

She dwelt among the untrodden ways
 Beside the springs of Dove,
 A maid whom there were none to praise
 And very few to love:
 A violet by a mossy stone
 Half hidden from the eye!
 – Fair as a star, when only one
 Is shining in the sky.
 She lived unknown, and few could know
 When Lucy ceased to be;
 But she is in her grave, and, oh,
 The difference to me!

Questions :

49) Who dwelt among the untrodden ways? [1]

50) Where the untrodden ways were? [1]

51) – Fair as a star, when only one [1]

Is shining in the sky.

Which figures of speech is mention in the given line?
