(15) ∴ WATER CONSERVATION :-

Honourable Principal Sir, Respected teachers and all my fellows.
Good morning all of you.
Today, I, Mukesh, student of class XII^th, get a chance to express my views on the topic 'water conservation.
It is said that -
"Water is the real elixir of life".
It is true. Water is necessary for all living creatures (Humans, Animals and plants). It is commonest in all liquids. It is life giving. But we don't care of its use. We ruine / waste water. The water of Rivers go waste to the Oceans. It can be used by constructing dams, bunds, Johars. We can also save rain water by it. We don't

(11.) :- SUMMARY WRITING :-

TITLE : "Indian Agriculture"

Summary :-

Indian agriculture depends on nature. Irrigation facilities do not cover entire cultivable land. Farmers depends on the mercy of monsoon. It is a largely unorganised sector. No systematic planning in cultivation. The cost of agriculture inputs increase. The farmers get only one crop per year. It is the primary sector of India. The government efforts are not enough.

Conclusion ⇒ Indian agriculture facing many problems at present.
