QA Do you have a 'dream', or something you very much wish to do? Write a paragraph saying what you want or wish to do. Then say (in another paragraph) how you think you

can make your dream come true.

Answer. Dreaming is a common and natural activity of the mind when we are asleep. But the word 'dream' also means ambition, a keen desire in life. In that sense, I have a modest dream. I wish to qualify for the medical profession. To me, a doctor ranks next to God as protector of life. He provides relief to the crying patients. He cures diseases. He helps a patient recover from illness, and be happy and live a full life. I wish to be a doctor to help the poor patients, to bring a smile on their faces.

I know that my dream is not easy to realise. I need not only a brilliant mind but also the means to pay for my studies. Nevertheless, I am determined to pursue my goal. I hope to do well in the entrance examination. FmissingAs for the financial help, I will get it from some bank.

Q1 The poet says, “Beauty is heard in ...”

Can you hear beauty? Add a sound that you think is beautiful to the sounds the poet thinks are beautiful. The poet, Keats, said:

Heard melodies are sweet,

But those unheard are sweeter.

What do you think this means? Have you ever ‘heard’ a song in your head, long after the song was sung or played?

Answer. The chirping of birds is also beautiful.

The poet says that when we hear melodies, we find it sweet but after hearing those melodies when we imagine about melodies i.e., unheard melodies we found it sweeter than the original melody itself.

Yes, sometimes I heard long after the song was sung or played.
