Correct Marks : 2 Wrong Marks : 0

‘Reflexivity’ is a concept that is relevant for

- (A) Experimental method
- (B) Naturalistic method
- (C) Quantitative method
- (D) Qualitative method

Options :

12820638359. A
12820638360. B
12820638361. C
12820638362. D

Question Number : 2 Question Id : 1282069709 Question Type : MCQ Option Shuffling : No Display Question Number : Yes
Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 2 Wrong Marks : 0

Which among following statement is NOT true

- (A) Experimental method examines causal relation between two variables
- (B) Qualitative research aims at giving a generalised law
- (C) Feminist methodology challenges the notion of 'disinterested researcher'
- (D) Social science researchers aim at contributing to a theory

Options :

12820638363. A
12820638364. B
12820638365. C
12820638366. D

Question Number : 3 Question Id : 1282069710 Question Type : MCQ Option Shuffling : No Display Question Number : Yes

Correct Marks : 2 Wrong Marks : 0

Those who deploy the model of natural sciences to study social phenomena follow the assumptions of

- (A) Social constructivism
- (B) Realism
- (C) Naturalism
- (D) Positivism

Options :

12820638367. A
12820638368. B
12820638369. C
12820638370. D

Question Number : 4 Question Id : 1282069711 Question Type : MCQ Option Shuffling : No Display Question Number : Yes
Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 2 Wrong Marks : 0

In research, data were collected by conducting interview of research participants and in the analysis only surface meaning of interview has been considered as fact. The researcher has been guided by which of the following framework

- (A) Naturalistic
- (B) Interpretive
- (C) Qualitative
- (D) Positivist

Options :

- 12820638371. A
- 12820638372. B
- 12820638373. C
- 12820638374. D

Question Number : 5 Question Id : 1282069712 Question Type : MCQ Option Shuffling : No Display Question Number : Yes
Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 2 Wrong Marks : 0

The concept of 'triangulation' will come close to which of the following methods:

- (A) Mixed method
- (B) Qualitative method
- (C) Quantitative method
- (D) Observation method

Options :

- 12820638375. A
- 12820638376. B
- 12820638377. C
- 12820638378. D

Question Number : 6 Question Id : 1282069713 Question Type : MCQ Option Shuffling : No Display Question Number : Yes

Correct Marks : 2 Wrong Marks : 0

Linguistic turn in social science research is based on the idea that

- (A) Words have fixed meanings
- (B) Words have fixed meaning but they are not easily available
- (C) Words do not have a fixed meaning
- (D) Words represent reality faithfully

Options :

- 12820638379. A
- 12820638380. B
- 12820638381. C
- 12820638382. D

Question Number : 7 Question Id : 1282069714 Question Type : MCQ Option Shuffling : No Display Question Number : Yes
Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 2 Wrong Marks : 0

During the review of literature if a researcher finds that there are conflicting findings on the theme of his/her research. He/She should

- (A) Not be bothered by this too much
- (B) Think that there will be some mistakes in the findings of one of the previous researches
- (C) Analyse this issue systematically and build his/her research on the same
- (D) Change the theme of his/her research

Options :

12820638383. A

12820638384. B

12820638385. C

12820638386. D

Question Number : 8 Question Id : 1282069715 Question Type : MCQ Option Shuffling : No Display Question Number : Yes
Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 2 Wrong Marks : 0

In a class the average score obtained by 4 students is 7. When marks of the 5th student was added to the total marks, then the average becomes 7.2. How much did the 5th student score?

(A) 7

(B) 8

(C) 9

(D) 10

Options :

12820638387. A

12820638388. B

12820638389. C

12820638390. D

Question Number : 9 Question Id : 1282069716 Question Type : MCQ Option Shuffling : No Display Question Number : Yes
