DU MPhil PhD in Anthropology

Topic:- DU_J19_MPHIL_ANTHRO

1) Which of the following is not a characteristic of totalitarian societies?

[Question ID = 14015]

1. one-party rule [Option ID = 26057]
2. a centrally planned economy [Option ID = 26058]
3. freedom of movement for citizens [Option ID = 26059]
4. indoctrination and propaganda [Option ID = 26060]

Correct Answer :-

- one-party rule [Option ID = 26057]

2) Which of the following is not a blood group?

[Question ID = 13972]

1. Bombay [Option ID = 25888]
2. Lutheran [Option ID = 25886]
3. Kidd [Option ID = 25885]
4. Haptoglobin [Option ID = 25887]

Correct Answer :-

- Kidd [Option ID = 25885]

3) Which of the following measures of central tendency is most influenced by extreme values?

[Question ID = 14009]

1. Mean [Option ID = 26034]
2. Range [Option ID = 26036]
3. Mode [Option ID = 26035]
4. Median [Option ID = 26033]

Correct Answer :-

- Median [Option ID = 26033]

4) Which of the following focuses on the hidden intentions and unexpressed biases of the author of an ethnography?

[Question ID = 14004]

1. Deconstruction [Option ID = 26016]
2. Epistemology [Option ID = 26014]
3. Ontology [Option ID = 26013]
4. Aesthetics [Option ID = 26015]

Correct Answer :-

- Ontology [Option ID = 26013]

5) Which site is known as "Text Book Section" site?

[Question ID = 13999]

1. Narmada Valley [Option ID = 25996]
2. Ganga Valley [Option ID = 25993]
3. Sohan Valley [Option ID = 25995]
4. Belan Valley [Option ID = 25994]

Correct Answer :-

- Ganga Valley [Option ID = 25993]

6) Which one of the following has the correct order of stages of mitosis?

[Question ID = 13975]

1. Metaphase, Telophase, Prophase and Anaphase [Option ID = 25899]
2. Prophase, Metaphase, Anaphase and Telophase [Option ID = 25897]
3. Prophase, Telophase, Metaphase, and Anaphase [Option ID = 25900]
4. Anaphase, Prophase, Metaphase, and Telophase [Option ID = 25898]

Correct Answer :-

- Prophase, Metaphase, Anaphase and Telophase [Option ID = 25897]

7) Which one of the following is not the factors which were considered to be the eligible condition for declaration as a Scheduled Area as mentioned by Verrier Elwin in his book 'A New Deal for Tribal India'

[Question ID = 14011]

1. under-developed character [Option ID = 26043]
2. preponderence of tribals in the population [Option ID = 26041]
3. compact and reasonable size [Option ID = 26042]
4. unmarked disparity in economic standard of the people [Option ID = 26044]

Correct Answer :-

- preponderence of tribals in the population [Option ID = 26041]

8) Which one of the following is the correct sequence of Alpine glaciation?

[Question ID = 13978]

1. Gunz – Mindel – Riss – Wurm [Option ID = 25910]
2. Gunz – Riss – Mindel – Wurm [Option ID = 25909]
3. Gunz – Wurm – Mindel – Riss [Option ID = 25911]
4. Mindel – Riss – Wurm – Gunz [Option ID = 25912]

Correct Answer :-

- Gunz – Riss – Mindel – Wurm [Option ID = 25909]

9) *Ramapithecus* is more closely related to

[Question ID = 13992]

1. *Homo* [Option ID = 25968]
2. *Australopithecus* [Option ID = 25966]
3. *Gigantopithecus* [Option ID = 25967]
4. *Sivapithecus* [Option ID = 25965]

Correct Answer :-

- *Sivapithecus* [Option ID = 25965]

10) Foz Coa valley is famous for

[Question ID = 13998]

1. Middle Palaeolithic site [Option ID = 25991]
2. Upper Palaeolithic site [Option ID = 25992]
3. Open air rock art [Option ID = 25989]
4. Neolithic site [Option ID = 25990]

Correct Answer :-

- Open air rock art [Option ID = 25989]

11) An explanation or interpretation supported by a reliable body of data is

[Question ID = 14006]

1. Theory [Option ID = 26023]
2. Concept [Option ID = 26021]
3. Axiom [Option ID = 26022]
4. Hypothesis [Option ID = 26024]

Correct Answer :-

- Concept [Option ID = 26021]

12) Venus of Willendorf is characteristics of

[Question ID = 13977]

1. Middle Palaeoltihc Culture [Option ID = 25907]
2. Upper Palaeolithic Culture [Option ID = 25905]
3. Megalithic Culture [Option ID = 25908]
4. Neolithic Culture [Option ID = 25906]

Correct Answer :-

- Upper Palaeolithic Culture [Option ID = 25905]

13) Manitoo is

[Question ID = 13983]

1. the guardian spirit of an individual in Khond belief [Option ID = 25931]
2. the guardian spirit of an individual in Ojibwa belief [Option ID = 25932]
3. the guardian spirit of an individual in Neur belief [Option ID = 25929]

4. the guardian spirit of an individual in Savara belief [Option ID = 25930]

Correct Answer :-

- the guardian spirit of an individual in Neur belief [Option ID = 25929]

14) In anthropology, the stereotyping of the East by Western people, especially described by Edward Said is

[Question ID = 13984]

1. Orientalism [Option ID = 25933]
2. Network Analysis [Option ID = 25936]
3. Transformational Theory [Option ID = 25934]
4. Interpretative Theory [Option ID = 25935]

Correct Answer :-

- Orientalism [Option ID = 25933]

15) Clifford Geertz analysed culture as an organised collection of

[Question ID = 14003]

1. cognitive systems that are generated in the mind [Option ID = 26010]
2. symbolic systems that are acted out in public displays [Option ID = 26011]
3. material systems that are found in society [Option ID = 26009]
4. structural systems with binary oppositions [Option ID = 26012]

Correct Answer :-

- material systems that are found in society [Option ID = 26009]

16) Mating between phenotypically similar or dissimilar individuals is known as

[Question ID = 13970]

1. Random mating [Option ID = 25880]
2. Assortive mating [Option ID = 25879]
3. Consanguinity [Option ID = 25877]
4. Inbreeding [Option ID = 25878]

Correct Answer :-

- Consanguinity [Option ID = 25877]

17) A structural model proposed by Levi Strauss in which roast, smoked and boiled foods are seen as analogous to raw, cooked and, rotted foods

[Question ID = 13980]

1. Culinary Art [Option ID = 25917]
2. Culinary Mapping [Option ID = 25919]
3. Culinary Triangle [Option ID = 25918]
4. Food Mapping [Option ID = 25920]

Correct Answer :-

- Culinary Art [Option ID = 25917]

18) "The Origin of Races" was written by

[Question ID = 13988]

1. Joseph Deniker [Option ID = 25951]
2. E. A. Hooton [Option ID = 25950]
3. C. S. Coon [Option ID = 25949]
4. S. M. Garn [Option ID = 25952]

Correct Answer :-

- C. S. Coon [Option ID = 25949]

19) "Replacement level fertility" is the level of total fertility rate where a population experience

[Question ID = 13995]

1. Stable population size [Option ID = 25980]
2. Instability [Option ID = 25979]
3. Exponential growth [Option ID = 25977]
4. Shrinking growth [Option ID = 25978]

Correct Answer :-

- Exponential growth [Option ID = 25977]

20) Twins descended from a single fertilized ovum are

[Question ID = 14008]

1. Molar twins [Option ID = 26029]
2. Monozygotic twins [Option ID = 26031]
3. Dizygotic twins [Option ID = 26030]
4. Trizygotic twins [Option ID = 26032]

Correct Answer :-

- Molar twins [Option ID = 26029]

21) Who is the father of Indian Prehistory?

[Question ID = 13976]

1. R. B. Foote [Option ID = 25901]
2. L.S.B. Leakey [Option ID = 25902]
3. M. K. Dhavalikar [Option ID = 25904]
4. H. D. Sankalia [Option ID = 25903]

Correct Answer :-

- R. B. Foote [Option ID = 25901]

22) Who is the author of the book "Palaeolithic Europe"?

[Question ID = 13979]

1. V. N. Misra [Option ID = 25916]
2. D. K. Bhattacharya [Option ID = 25913]

3. Allchin and Allchin [Option ID = 25915]
4. H. D. Sankalia [Option ID = 25914]

Correct Answer :-

- D. K. Bhattacharya [Option ID = 25913]

23) Shouldered Celt is characteristics of

[Question ID = 13997]

1. Central India [Option ID = 25988]
2. Northern India [Option ID = 25986]
3. Eastern India [Option ID = 25985]
4. Southern India [Option ID = 25987]

Correct Answer :-

- Eastern India [Option ID = 25985]

24) Bow and arrow was invented during the

[Question ID = 14016]

1. Middle Palaeolithic culture [Option ID = 26061]
2. Upper Palaeolithic culture [Option ID = 26062]
3. Mesolithic culture [Option ID = 26063]
4. Iron age culture [Option ID = 26064]

Correct Answer :-

- Middle Palaeolithic culture [Option ID = 26061]

25) Facetted platform and truncated scars are characteristics of

[Question ID = 14017]

1. Fluted core [Option ID = 26068]
2. Discoid core [Option ID = 26067]
3. Levalloisean flake [Option ID = 26065]
4. Clactonian flake [Option ID = 26066]

Correct Answer :-

- Levalloisean flake [Option ID = 26065]

26) In physiology, the study relating to the flow of blood within the organs and tissues of the body is known as

[Question ID = 14013]

1. Hematology [Option ID = 26050]
2. Serology [Option ID = 26051]
3. Haemoglobinopathy [Option ID = 26049]
4. Haemodynamic [Option ID = 26052]

Correct Answer :-

- Haemoglobinopathy [Option ID = 26049]

27) To develop the concept of 'Universalisation' and 'Parochialisation', McKim Marriot conducted his study among

[Question ID = 14010]

1. Kishangarhi village in Western Madhya Pradesh [Option ID = 26038]
2. Kishangarhi village in Western Uttar Pradesh [Option ID = 26037]
3. Rampur village in Mysore [Option ID = 26039]
4. None of these [Option ID = 26040]

Correct Answer :-

- Kishangarhi village in Western Uttar Pradesh [Option ID = 26037]

28) Neighbour Joining is a specific type of

[Question ID = 13968]

1. Method used in making psychosocial assessment [Option ID = 25872]
2. Method used in making visual anthropological documentaries [Option ID = 25871]
3. Method used in phylogenetics [Option ID = 25869]
4. Method used in Palaeoanthropological excavations [Option ID = 25870]

Correct Answer :-

- Method used in phylogenetics [Option ID = 25869]

29) Social Drama is associated with

[Question ID = 13985]

1. Levi Strauss [Option ID = 25940]
2. S.F. Nadel [Option ID = 25938]
3. A.R. Radcliffe Brown [Option ID = 25937]
4. Victor Turner [Option ID = 25939]

Correct Answer :-

- A.R. Radcliffe Brown [Option ID = 25937]

30) Marx saw cultures passing through the stages of

[Question ID = 14001]

1. slave society, primitive communism feudalism, capitalism and communism [Option ID = 26004]
2. slave society, primitive communism, communism, feudalism, capitalism [Option ID = 26003]
3. primitive communism, communism, slave society, feudalism, capitalism [Option ID = 26001]
4. primitive communism, slave society, feudalism, capitalism and communism [Option ID = 26002]

Correct Answer :-

- primitive communism, communism, slave society, feudalism, capitalism [Option ID = 26001]

31) Ectomorph refers to a body type with

[Question ID = 13993]

1. More fat in the abdomen and thighs [Option ID = 25972]

2. Little body fat and muscle [Option ID = 25969]
3. Athletic and strong physique [Option ID = 25971]
4. Lots of body fat and muscle [Option ID = 25970]

Correct Answer :-

- Little body fat and muscle [Option ID = 25969]

32) X chromosome inactivation in females is a

[Question ID = 13974]

1. Biased process [Option ID = 25895]
2. Random process [Option ID = 25896]
3. Non random process [Option ID = 25893]
4. Hormonal process [Option ID = 25894]

Correct Answer :-

- Non random process [Option ID = 25893]

33) Participation in research should be based on the principle of

[Question ID = 14005]

1. standard consent [Option ID = 26017]
2. acquired consent [Option ID = 26018]
3. rational consent [Option ID = 26020]
4. informed consent [Option ID = 26019]

Correct Answer :-

- standard consent [Option ID = 26017]

34) Okkaligas which was mentioned in M. N. Srinivas's study belongs to

[Question ID = 13986]

1. Peasants [Option ID = 25942]
2. Untouchables [Option ID = 25944]
3. Brahmins [Option ID = 25941]
4. Shepherds [Option ID = 25943]

Correct Answer :-

- Brahmins [Option ID = 25941]

35) Roy Rappaport in his book *Pigs for the Ancestors: Rituals in the Ecology of a New Guinea People,* compares rituals to

[Question ID = 14014]

1. Chargers [Option ID = 26054]
2. Thermostats [Option ID = 26053]
3. Refrigerators [Option ID = 26055]
4. Batteries [Option ID = 26056]

Correct Answer :-

- Thermostats [Option ID = 26053]

36) Males and females can be affected. Males and females transmit the trait with equal frequency. Successive generations are affected. Transmission stops after a generation in which no one is affected. These are the characteristics of

[Question ID = 13973]

1. Autosomal dominant traits [Option ID = 25890]
2. Autosomal recessive traits [Option ID = 25889]
3. X-linked dominant traits [Option ID = 25891]
4. X-linked recessive traits [Option ID = 25892]

Correct Answer :-

- Autosomal recessive traits [Option ID = 25889]

37) The study of relations between culture and the natural world, especially in the theoretical perspective of Julian Steward

[Question ID = 13981]

1. Enculturation [Option ID = 25924]
2. Cultural Ecology [Option ID = 25923]
3. Cultural relativism [Option ID = 25922]
4. Cultural Naturalism [Option ID = 25921]

Correct Answer :-

- Cultural Naturalism [Option ID = 25921]

38) The idea that one must suspend judgment on other people's practices in order to understand them in their own cultural terms is called

[Question ID = 14007]

1. Moral Determinism [Option ID = 26028]
2. Moral Relativism [Option ID = 26027]
3. Cultural Relativism [Option ID = 26026]
4. Cultural Determinism [Option ID = 26025]

Correct Answer :-

- Cultural Determinism [Option ID = 26025]

39) The larger perspective which embraces both evolutionism and diffusionism is called

[Question ID = 14000]

1. Diachronic [Option ID = 25998]
2. Synchronic [Option ID = 25997]
3. Interactive [Option ID = 26000]
4. Interpretive [Option ID = 25999]

Correct Answer :-

- Synchronic [Option ID = 25997]

40) The famous article titled "On the Non-Existence of Human Race" was written by

[Question ID = 13971]

1. T. H. Huxley [Option ID = 25883]
2. Dobzhansky [Option ID = 25882]
3. Blumenbach [Option ID = 25884]
4. Livingstone [Option ID = 25881]

Correct Answer :-

- Livingstone [Option ID = 25881]

41) The internal biological responses of an individual to the external environmental stimuli helping the body to maintain homeostasis is known as

[Question ID = 13991]

1. Structural Adaptation [Option ID = 25963]
2. Behavioural adaptation [Option ID = 25964]
3. Physical adaptation [Option ID = 25962]
4. Physiological adaptation [Option ID = 25961]

Correct Answer :-

- Physiological adaptation [Option ID = 25961]

42) The inheritance of genes located in the mitochondrial DNA is known as

[Question ID = 13989]

1. Extra nuclear inheritance [Option ID = 25954]
2. Polygenic inheritance [Option ID = 25955]
3. Monogenic inheritance [Option ID = 25956]
4. Nuclear inheritance [Option ID = 25953]

Correct Answer :-

- Nuclear inheritance [Option ID = 25953]

43) The presence of Proto-Australoid in India was suggested in the racial classification of

[Question ID = 13990]

1. B. S. Guha [Option ID = 25958]
2. H. H. Risley [Option ID = 25959]
3. A. C. Haddon [Option ID = 25960]
4. S. S. Sarkar [Option ID = 25957]

Correct Answer :-

- S. S. Sarkar [Option ID = 25957]

44) The genetic condition in a population in which one of the alternative alleles at a particular gene locus is progressively replaced by another is known as

[Question ID = 14012]

1. Monomorphism [Option ID = 26047]

2. Transient polymorphism [Option ID = 26045]
3. Balanced polymorphism [Option ID = 26046]
4. Dimorphism [Option ID = 26048]

Correct Answer :-

- Transient polymorphism [Option ID = 26045]

45) The view of the world as consisting of a hierarchy of entities from God to humanity to animals to plants, etc. is known as

[Question ID = 13982]

1. Theory of Mankind [Option ID = 25928]
2. Theory of Evolution [Option ID = 25927]
3. Great Chain of Development [Option ID = 25926]
4. Great Chain of Being [Option ID = 25925]

Correct Answer :-

- Great Chain of Being [Option ID = 25925]

46) The process of accelerated growth in young children to compensate a period of growth stagnation due to nutrient deficit is known as

[Question ID = 13994]

1. Secular trend [Option ID = 25973]
2. Growth spurt [Option ID = 25974]
3. Catch-up growth [Option ID = 25975]
4. Stunted growth [Option ID = 25976]

Correct Answer :-

- Secular trend [Option ID = 25973]

47) The definition of Blade is

[Question ID = 13996]

1. Breadth is twice the length [Option ID = 25983]
2. Length is twice the breadth [Option ID = 25981]
3. Length is equal to breadth [Option ID = 25982]
4. None of these [Option ID = 25984]

Correct Answer :-

- Length is twice the breadth [Option ID = 25981]

48) The methodological framework ' Nature-Man-Spirit Complex ' is associated with

[Question ID = 13987]

1. S.C. Dubey [Option ID = 25945]
2. Clifford Geertz [Option ID = 25946]
3. L.P. Vidhyarthi [Option ID = 25947]
4. McKim Marriot [Option ID = 25948]

Correct Answer :-

- S.C. Dubey [Option ID = 25945]

49) Linkage is relationship between

[Question ID = 13969]

1. Two alleles on same chromosome [Option ID = 25873]
2. Two alleles on different chromosomes [Option ID = 25874]
3. Two chromosomes [Option ID = 25876]
4. Two phenotypes [Option ID = 25875]

Correct Answer :-

- Two alleles on same chromosome [Option ID = 25873]

50) One of the basic characteristics of human mind for Claude Levi-Strauss is that it is programmed to think in

[Question ID = 14002]

1. geometrical oppositions [Option ID = 26006]
2. symmetrical oppositions [Option ID = 26005]
3. binary oppositions [Option ID = 26008]
4. multiple oppositions [Option ID = 26007]

Correct Answer :-

- symmetrical oppositions [Option ID = 26005]
