Question Paper

Anatomy

(Based on Memory Recall)

Q1. Structures arranged from ant to post relations in lung hilum are

A) Pulmonary V, Bronchus, Pulmonary A
B) Pulmonary A, Bronchus, Pulmonary V
C) Pulmonary V, Pulmonary A, Bronchus
D) Bronchus, Pulmonary A, Pulmonary V

Correct answer : C

Q2. Which of the following is not a branch of Facial Artery?

A) Superior labial
B) Mental
C) Inferior labial
D) Lateral Nasal

Correct answer : B

Q3. Superior gluteal nerve supplies all except?

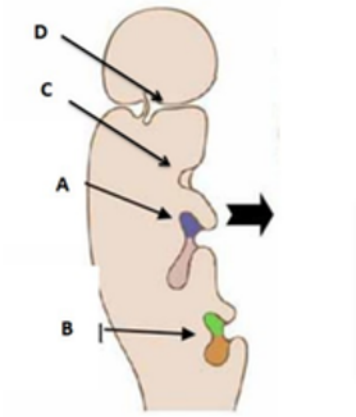

A) Gluteus Medius
B) Gluteus minimus
C) Tensor fascia lata
D) Piriformis

Correct answer : D

Q4. A young patient with absent thymus and presented with hypoparathyroidism and tetany. Which of the following marked areas in the picture is defective in this

Q6. Which is formed by three bones?

A) Foramen magnum
B) Foramen jugulare
C) Foramen rotundum
D) Foramen Lacerum

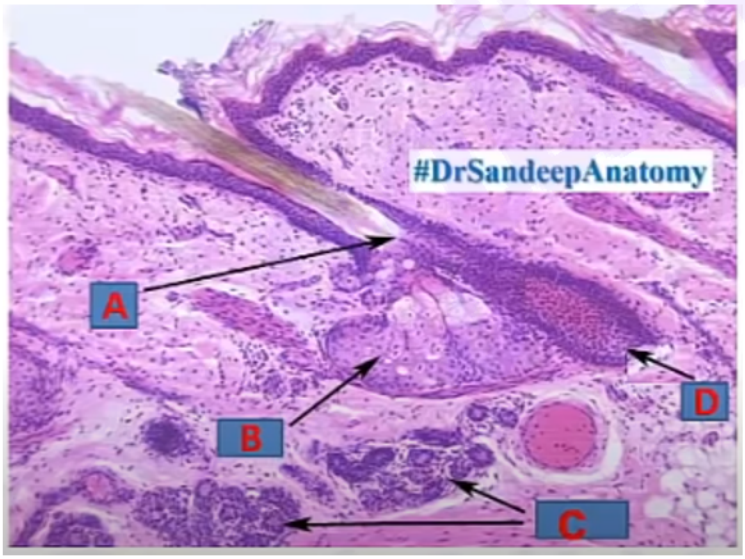

Correct answer : D

Q7. Which of following structure passes via jugular foramen has separate canal :

A) 12 N
B) 9 N
C) 10 N
D) 11 N

Correct answer : B

Q8. Which of the marked structure is Merocrine gland :

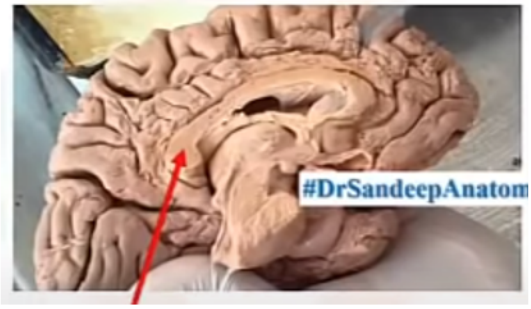

A) A
B) B
C) C
D) D

Correct answer : C

Q9. Blood supply of the marked structure:

A) ACA, MCA
B) ACA, PCA
C) PCA, MCA
D) ACA, Post communicating

Correct answer : B

Q10. What is the origin of marked structure :

A) Hippocampus
B) Amygdala
C) Mamillary body
D) caudate nucleus

Correct answer : A

Q11. Which is the nerve supply of the marked muscle?

docs.aglasem.com

A) Ulnar N.
B) Median N.
C) Radial N.
D) Musculocutaneous N.

Correct answer : B
