Excise case: Court extends Sisodia's custody till May 8

TimeNews Network

New Delhi: A special court in Delhi on Saturday extended former deputy CM Manish Sisodia's custody till may 8 in a "money laundering" case related to the alleged excise scam.

Sisodia, who was produced before the court at the end of his judicial custody, said before the media that Prime Minister Narendra Modi would not be able to stop chief minister Arvind Kejriwal's work in Delhi.

"Modiji may try as much as he wants, but he won't be able to stop the work of Kejriwal ji in Delhi. Modi ji may conspire as much as he wants," Sisodia said while he was being brought out of the courtroom.

On Friday, Special Judge MK Nagpal of Rouse Avenuae Court had denied bail to Sisodia, stating that the evidence, prime facie, "speaks volumes" of his involvement in commission of offence. The judge also said that the purported medical condition of Sisodia's wife was not a reason to grant him bail in this case. Additionally, he stated that it was impossible to rule out the potential of Sisodia influencing key witnesses in the case.

The court had earlier noted that the alleged offence against Sisodia was a "serious economic offence of money laundering" and that he had not been accused of committing the offence in his personal capacity, but rather in his official capacity as a public servant overseeing the excise ministry and serving as Delhi's deputy chief minister.

Which of the assumptions is implicit in the statements :

Statement : "There is very heavy traffic on Delhi roads between 6 to 8 pm. We need to have flyover in this area" A planning engineer said in a meeting.

Assumptions (I). Previous planning engineers did not do much about heavy traffic.

(II). Heavy traffic is sought to be maintained.

(III). A flyover is likely to solve the problem of heavy traffic.

In the light of the above statements, choose the correct answer from the options given below :

(1) Only (I) is implicit

(2) Only (II) is implicit

(3) Only (III) is implicit

(4) Both (II) and (III) are implicit.
