Extension teaching is a planned and deliberate act on the part of the extension agent. The extension agent has to move step by step in a scientific and logical way. There are some basic steps which are given by Wilson and Gallup (1955) to be followed in extension teaching. Arrange these steps in logical order (first to last):

(A). Action, Satisfaction

(B). Interest, Desire

(C). Attention

(D). Conviction

Choose the **correct** answer from the options given below:

1. (A), (B), (C), (D).
