Q1 Describe the ways in which the Buddha tried to spread his message to the people.

Answer. Buddha followed two methods to spread his message to a wider section of people. He used prakrit to spread his message. Since prakrit was the language of the common people hence it helped in making a better connect with the masses. Buddha also encouraged people to think proactively, instead of blindly following him. Q7 Make a list of at least five ideas and questions mentioned in this lesson. Choose three from the list and discuss why you think they are important even today.

Answer. Ideas and questions mentioned in the lesson and their relevance today:

- Life is full of suffering and unhappiness. It is due to our unfulfilled desires. This is true today since most people are not satisfied with what they have. They resort to unfair means out of greed and end up in suffering and trouble.
- Our actions ('Karma') affect us in our current life as well as next life.

- We should not hurt or kill any living being, according to Mahavira. This is important because every living being has a desire to live.
- Thinkers wanted to know about life after death and they wanted to know why sacrifices should be performed. Sacrifices are not justified since living being should not be killed.
- Upanishadic thinkers also felt that something was permanent in the universe and it lasted even after death.
